## K- 2 Student ICT User Agreement - 2020

The conditions for access to ICT at WHPS are set out below. A student must sign this agreement after reading the conditions and discussing this agreement with a parent or caregiver. This agreement is part of the school ICT policy which includes regulations for the use of NSW Department of Education internet and email facilities.

I agree to the following:

- I will always log on using only my own user name and password.
- I will only use computers when a teacher tells me I can.
- I will not change any settings on school computers without asking for a teacher's permission.
- I will not damage computer equipment in any way.
- I will not change or destroy the files of another user.
- I will not share information about myself *or others* over the internet.
- I will ask permission from my teacher before printing.
- I will tell a teacher about any broken equipment.
- I will tell a teacher if I see anything that is rude or upsetting on the internet.
- I will communicate with others politely and agree to the Student Portal 'No Go Tell' conditions.
- I understand that I must be 13 years of age to have a Facebook account or other social networking account.

I understand that failure to keep this agreement may result in loss of access to ICT facilities at school and may also result in loss of access to the DET portal.

Restoration will be determined by the principal with reference to the school welfare policy.

## Information and Communication Technologies (ICT) Student Agreement - 2020

Dear Parents,

It is a requirement of the Department of Education that schools closely monitor the use of computers and the internet by students within our school.

At Wheeler Heights, we believe it is good practice to encourage students to take responsibility for their behaviour and make good choices. Just as the children discuss and formulate agreements about their classroom behaviour with their teacher at the beginning of the year, your child's teacher has also recently discussed our ICT policy and agreement with their students.

We would ask you to read and discuss the attached ICT Student Agreement with your child/children and have them and yourself sign and return to your class teacher to indicate your combined understanding of the agreement.

Below is a copy of the Student Portal logon page which every student sees and agrees to when accessing the internet from school. This is referred to in the agreement and included for your information.

David Scotter  
Principal
